

Operating under the studio name Pisces 5th House Creations, Linda is a Port Stephens- based contemporary artist specialising in vibrant, fluid alcohol ink artworks. As a self taught practitioner, Linda has developed a distinct visual language driven by intuition, experimentation and the ethereal unpredictability of fluid media. Her intuitive practice is underpinned by a deep conceptual foundation; she has completed certified coursework through The Museum of Modern Art (MoMA) in both Modern Art & Ideas and In The Studio: Postwar Abstract Painting. Linda's striking compositions have earned community recognition, notably winning first prize in the national Feros Care Art Competition. Her original pieces have also been shown and sold through Sydney's prestigious, charity-driven Incognito Art Show.

To ensure collector value, her paintings are registered with the National Registry of Australian Art and Artists (NRAAA) and include a Certificate of Authenticity.
