

Dodge the Trunchbull Card Game Rules

For 2 or more players, ages 3+

OBJECTIVE:

Not to be left with the 'Trunchbull' card.

PLAY:

Shuffle the cards and deal them all out to the players as equally as possible. This may mean that some players have more than others and if only a few people are playing they will have loads of cards in their hand!

Next, all players look at their cards and remove any pairs (matching cards) that they have. Place these cards face up in the middle of the table.

The youngest player goes first and play then proceeds in a clockwise direction.

Player one fans out their cards and holds them face down so that no-one can see what they are. They then offer them to the next player who takes a card at random.

If the second player can use the card to match up another pair in their hand they discard that pair too. Otherwise they keep that card.

Player two then holds their cards face down in a fan and offers them to the next player. The first player to get rid of all their cards is the winner.

Play continues with the rest of the players matching pairs and discarding them until only one player is left with the 'Trunchbull' card. All the other players then shout...

YOU WITLESS
Weed!
