(For 2 players or 2 teams)

2+ PLAYERS

AGE 6+

CONTENTS:

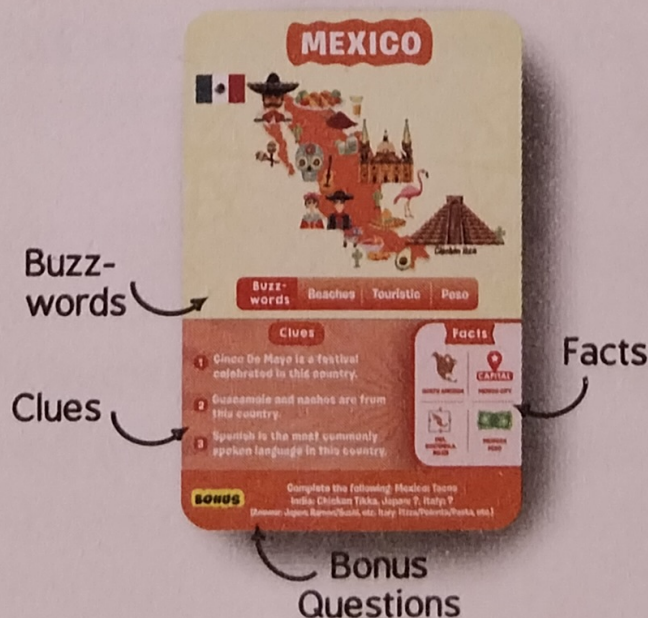

- 50 Animal Game Cards • 50 Countries Game Cards
- 6 Clue Cards • 1 Wooden Die • 2 Card Cases • Welcome letter

OBJECT: GUESS in 10[®] is all about asking intelligent questions to guess what's shown on the Game Cards. Think hard, ask questions whose answers are either "Yes" or "No", use your clues wisely, and be the first player or team to win 7 Game Cards!

SETUP:

- Shuffle both sets of Game Cards one by one and place them in their respective cases.
- Place the cases horizontally in the box.
- Give 3 Clue Cards to each player or team. (If there are more than 2 players, you must divide yourselves into 2 teams)

What is the card made up of?

Let's Play

1. The youngest player or the team with the youngest player goes first. (Let's assume that's you)
2. Begin by rolling the die, which will land on 1 of 2 colors – Orange or Green.
3. Your opponent must draw a Game Card based on the color your die lands on (Green – Animal Planet & Orange – Countries of the World) and read out the first 2 Buzzwords.
3. You then ask up to 10 questions to guess what's shown on the card. You can only ask questions that have the answers Yes or No.
4. If your opponent holding the card doesn't know the answer to your question, then that question is not counted as 1 of the 10 questions.
5. You only have 2 guesses per Game Card. If you have guessed two times incorrectly, the Game Card is discarded and your turn is over.

Bonus Questions

If you have guessed the card correctly, you have the option to answer the Bonus Question. If you choose the Bonus Question, you must answer it.

1. If you answer it correctly you keep the Game Card and can choose to pick 1 of 2 advantages:
 - i. You get 3 Buzzwords at the start of your next turn.
 - ii. You can choose to not roll the die on your next turn and pick the theme you want your Game Card to be from.
2. If your answer is incorrect, you lose the Game Card you just won.
3. If you choose not to ask for the Bonus Question, you still keep the card you just won.

Clue Cards

1. You can use your 3 Clue Cards at any point in the game to help you guess the card. Use them wisely because, you have only 3 Clue Cards for the entire game!
2. To use your Clue Card, place it in the middle of your playing space and choose a number from 1 to 3. This will determine which clue you get.

IMPORTANT: If the information in the clue you've chosen has already been established through previously asked questions, you can pick another clue instead.

TO WIN: Be the first player or team to win 7 Game Cards.
