Pasties

We work with a Cornish Pasty supplier in Bodmin to provide us with multi-award winning pasties. To help fight food waste, our pasties may have to be pre-ordered. It takes about an hour to bake the perfect pasty, but you can order well in advance of that if you want to! In the summer and when footfall is busier like at weekends, we may have some ready to go but definitely pre-order to avoid disappointment!

TRADITIONAL

It doesn't get much more local. Potatoes supplied by Colwith Farm at Par (7.5 miles) with Hay Farm at Torpoint (26.5 miles) growing the swede and onions. The potato, swede & onion are layered by hand with the steak taking pride of place on top of the vegetables. During baking, the juices from the meat infuse with the vegetables, adding flavour. A Proper Cornish Pasty.

MEATLESS TRADITIONAL (V)

As close as possible to the authentic recipe of a traditional Cornish pasty, using fresh Cornish potatoes, swede and onions with delicate undertones of pepper and made with delicious Plant-Based Mince from Meatless Farm

CHEESE AND ONION

A delicious pasty containing mature cheddar cheese, onions and potatoes

CHICKEN CURRY

You're going to have to try this to understand how amazing it is. A curry pasty, with coconut undertones and a mild heat contains chicken, chickpeas, cauliflower and onion combined with coconut milk, mango chutney, spices and seasonings.

SRI LANKAN CURRY (V)

A delicious Sri Lankan curry pasty containing sweet potato, lentils, chickpeas, tomato and onion in a glossy sauce, giving a fragrant aroma of coconut and spice with a mild heat that develops slowly,
